This is your opportunity to market directly to a unique group of decision-making members of NCPA **MULTIPLE STORE BUSINESS OWNERS**. Don't miss this opportunity to influence this important group of entrepreneurs and the phenomenal purchasing power they represent.

The NCPA Multiple Locations Pharmacy Conference will be held February 19-22, 2020 in the beautiful Fort Myers, Florida. This intimate meeting brings together a number of independent community pharmacists and buying groups that represent 7,000+ independent pharmacies, with sale volumes of \$3 million to \$20 million per store. This elite group will come together for education and networking opportunities, including meeting and doing business with company representatives in a relaxed tropical setting.
