

Patient Access to Pharmacists' Care Coalition (PAPCC)

Our Mission

The Patient Access to Pharmacists' Care Coalition's (PAPCC) mission is to develop and help enact a federal policy proposal that would enable patient access to, and payment for, Medicare Part B services by state-licensed pharmacists in medically underserved communities. Our primary goal is to expand medically-underserved patients' access to pharmacist services consistent with state scope of practice law.

About Us

The PAPCC is a multi-stakeholder and interdisciplinary initiative. Membership is comprised of organizations representing patients, pharmacists, and pharmacies, as well as other interested stakeholders.
