NCPA’s Formula for Legislative Success:

Members like YOU

Yes, you. Not only do you vote, but you have influence with family, friends and patients. NCPA depends on you to leverage that influence in urging them to support pharmacy-friendly candidates.

NCPA PAC

It takes a well-funded PAC to support the campaigns of pharmacy-friendly candidates…and to help build the credibility of your profession as an effective and influential group.

An effective NCPA advocacy team

Your NCPA advocacy team is highly respected, and thanks to the funding you provide for NCPA’s Legislative/Legal Defense Fund, they have a track record of success in representing your interests.

Influence and protection you could never achieve on your own.

Investments from corporate funds may be tax deductible as a business expense. Investments are not tax deductible as charitable contributions for federal income tax purposes.
We’re fighting...
★ for provider status under Medicare
★ for prohibition of onerous retroactive pharmacy DIR Fees
★ for greater generic pricing transparency
★ for pharmacy choice under Medicare Part D
★ for common-sense, patient-friendly compounding regulations
★ against changes to the Medicaid program that would reduce or eliminate prescription drug coverage for recipients

Add my support to NCPA’s advocacy efforts!
I want to help support NCPA’s advocacy efforts from the State House to the White House and from Congress to the courts. Please add my Legislative/Legal Defense Fund investment to those of my owner-manager/pharmacist colleagues and use it to advance our profession.
