Exhibit at NCPA’s Pharmacy Ownership Workshop
Reach an audience of aspiring and current pharmacy owners

NCPA’s Pharmacy Ownership Workshop brings together entrepreneurs in the planning stages of opening community pharmacies. At the same time, it brings your company a valuable opportunity to reach this group with your message before they become someone else’s customers. Topics covered include:

- **Technology** – what new owners should be looking for to operate their business efficiently, what they should budget for, and how to plan for growth.
- **Financing & Insurance** – where potential business owners go for financing, what business projections they need to make, and which financial indicators will help them guide their business to success.
- **Store Design & Marketing** – how to build the perfect setting for their new business and what is the most effective multi-media marketing plan for their pharmacy.

“The NCPA Ownership Workshop drives the best and most leads for our business every year.”
-- Owen BonDurant, President, Independent Rx Consulting
