

Congratulations to the Flip the Pharmacy Award winners

Flip the Pharmacy, a 5-year pharmacy transformation program impacting thousands of community-based pharmacies, celebrates the winners of its **inaugural Flip the Pharmacy Awards program**. Cohort 1 winners are listed as follows.

Pharmacy of the Year

Norland Avenue Pharmacy
Chambersburg, Penn.

Team of the Year

Team Pennsylvania
Pennsylvania Pharmacists Care Network

Technology Solutions Provider

PioneerRx
Irving, Texas

Congratulations to these deserving winners.

Participating pharmacies were graded on providing an exemplary commitment to transforming their practice model and to supporting the overall purpose of Flip the Pharmacy. Technology Solutions Providers were graded on their commitment to providing necessary technology resources to support Flip the Pharmacy initiatives.

More than 500 community-based pharmacies were selected for Cohort 1 of Flip the Pharmacy, which runs through September 2021. Those pharmacies submitted a total of 365,442 Pharmacist eCare Plans. Another 300 pharmacies were selected for Cohort 2, which runs October 2020 through September 2022. The Flip the Pharmacy program is on track to directly coach more than 1,000 pharmacies through completing the 24-month program, and indirectly affect thousands more that can follow along for free via publicly available materials.

Flip the Pharmacy aims to rework community-based pharmacy practice beyond filling prescriptions and toward an ongoing focus on a patient's health. Using monthly change packages, Flip the Pharmacy coaches work with local pharmacy teams to implement the six key transformation domains. Learn more at www.flipthepharmacy.com. ■

CPESN USA is a clinically integrated nationwide organization of pharmacy networks developed to advance community-based pharmacy practice in America. Through clinical integration, pharmacies in CPESN networks can engage with each other to improve the quality of care provided to patients and the value offered to medical-side payers (bypassing PBMs) through enhanced services and lower costs.
