MEDICATION RECOVERY SYSTEM

Disposal of Unused Medications

- Including Controlled Substances

Fully compliant with the DEA's recently issued Secure and Responsible Drug Disposal Act of 2010 ("Disposal Act"), Sharps Compliance has launched its new line of cost-effective solutions to facilitate the proper disposal of unused or expired medications, including controlled substances (Schedule II-V).

TakeAway Medication Recovery System

The new TakeAway Medication Recovery System ("TakeAway MRS") allows, for the first time, commingled collection and disposal of patient dispensed controlled substances (Schedule II-V) and non-controlled medications. The new TakeAway MRS includes the popular USPS prepaid envelope (8" x 11") and new box configurations (1 and 2-gallon) for use by ultimate users including those in the home, hospice and long-term care setting.

TakeAway MRS Advantages

- Meets and exceeds the Disposal Act requirements for ultimate user controlled substance disposal.
- Specially designed non-descript packaging with unique tracking features.
- Systems returned via prepaid common carrier (USPS and UPS) for proper and DEA-preferred destruction.
- Company treatment facility is a DEA Registered Reverse Distributor and Collector.
- Available in multiple configurations to best meet ultimate user needs.
