Advasur

Advasur 360 removes the direct burden of track and trace compliance for Advasur's dispenser clients and offers improved business processes, providing the dispenser community with comprehensive data collection and product traceability services. Special pricing for NCPA members.

Continuing Education

Members receive access to live, online, and print continuing education on a variety of subjects.

Contract Evaluation Best Practices

Direct contracting by PBMs/third-party payers with pharmacies is becoming more prevalent. *Contract Evaluation Best Practices* have been compiled to assist you with your reviews.

Exclusive Regulatory and Legislative Advocacy and Updates

NCPA fights for the nation's 19,400 independent pharmacists and their patients because pharmacists play a vital role in health care.

Job Board

NCPA has partnered with HealthShifts to provide their members a job posting board where pharmacy owners can advertise job openings at a discounted rate and pharmacy job seekers can search for employment opportunities. HealthShifts is revolutionizing pharmacy staffing and career opportunities by connecting pharmacy professionals and employers seamlessly. The cobranded platform will provide flexible shift services, a dynamic job board, and professional development tools tailored to support career growth and the needs candidate search needs of pharmacy owners.

Member Communications

NCPA keeps members informed with news, trends, and regulatory, legislative & legal issues affecting pharmacy.

Member Discounts on Publications

Staff training publications and niche service training manuals are available through the NCPA Bookstore.

Member Forums

The forums are monthly live colleague-to-colleague discussions on topics of interest to independent pharmacy owners and staff.

NCPA Business Mastercard®

This exclusive credit card offers up to unlimited 2.1% cash back on all of your purchases when you set up autopay. Additionally, if you spend \$25,000 on eligible purchases during your first three months, you'll get a \$450 sign-on bonus! Learn more or apply now at [NCPACard.com](https://www.npcacard.com).

NCPA Digest sponsored by Cardinal Health

An annual summary of selected financial and demographic information that helps members evaluate their business and illustrates the value independent pharmacists provide to their patients.

NCPA Events and Programming

Members enjoy significant discounts on registration to all of our meetings.

NCPA Professional Services

Call NCPA toll-free to get personalized answers for your business and operations questions.

Opportunity Toolkit

NCPA has developed this members-only "Opportunity Toolkit" to help you market your services to that pharmacy's patients. From a customizable letter to prescribers to sample signage designs to template print, radio, and social media ads, the toolkit is chock full of easy-to-implement resources you can use to grow your business.

POCTTrack

POCTTrack provides the necessary instructions for offering CLIA Waived Point of Care Testing (POCT) and gives guidance, policies, procedures, and forms to set up your pharmacy. Further, the program gives you the questions you need to ask your State Agency responsible for Clinical Laboratories and State Board of Pharmacy related to state specific rules. NCPA Members receive a discount.

Prescriptive AI Cash Pricing

The Prescriptive AI Pricing solution helps independent pharmacies become more competitive through cash pricing optimization driven by artificial intelligence. Profitability data from Prescriptive Health underscores the powerful potential that AI can bring to the pharmacy space in the cash pricing category.
